

WVU

# OFFICE OF STUDENT SUCCESS

 **STUDENTSUCCESS**

# OUR GOAL

We are committed to empowering students to do their best through FREE academic services and program outreach

# OUR SERVICES

Course-based tutoring will center on content for each course and help students to explore the material and deepen their understanding of relevant concepts

## Tutoring

Academic Strategies sessions focus on skills such as effective time management, note-taking and comprehension, and active study strategies.

## Academic Strategies

Success Coaching helps students to explore obstacles to academic performance, set SMART goals, discover campus resources that can assist on their journey.

## Success Coaching

## FirstGen

First-Generation College Students-Neither parent or guardian has a four-year degree in the US. Our program serves these students by integrating our services into their campus experience

## REACH

REACH provides additional support to underserved WVU students including more personalized outreach, connecting students with resources, and offering a welcoming space on our campus for students to come engage with us and other REACH students

# OUR PROGRAMS

YOU ARE INVITED
