

# **Veteran and Military Family Support Program**

**Jerry Wood, Director  
November 14, 2018**

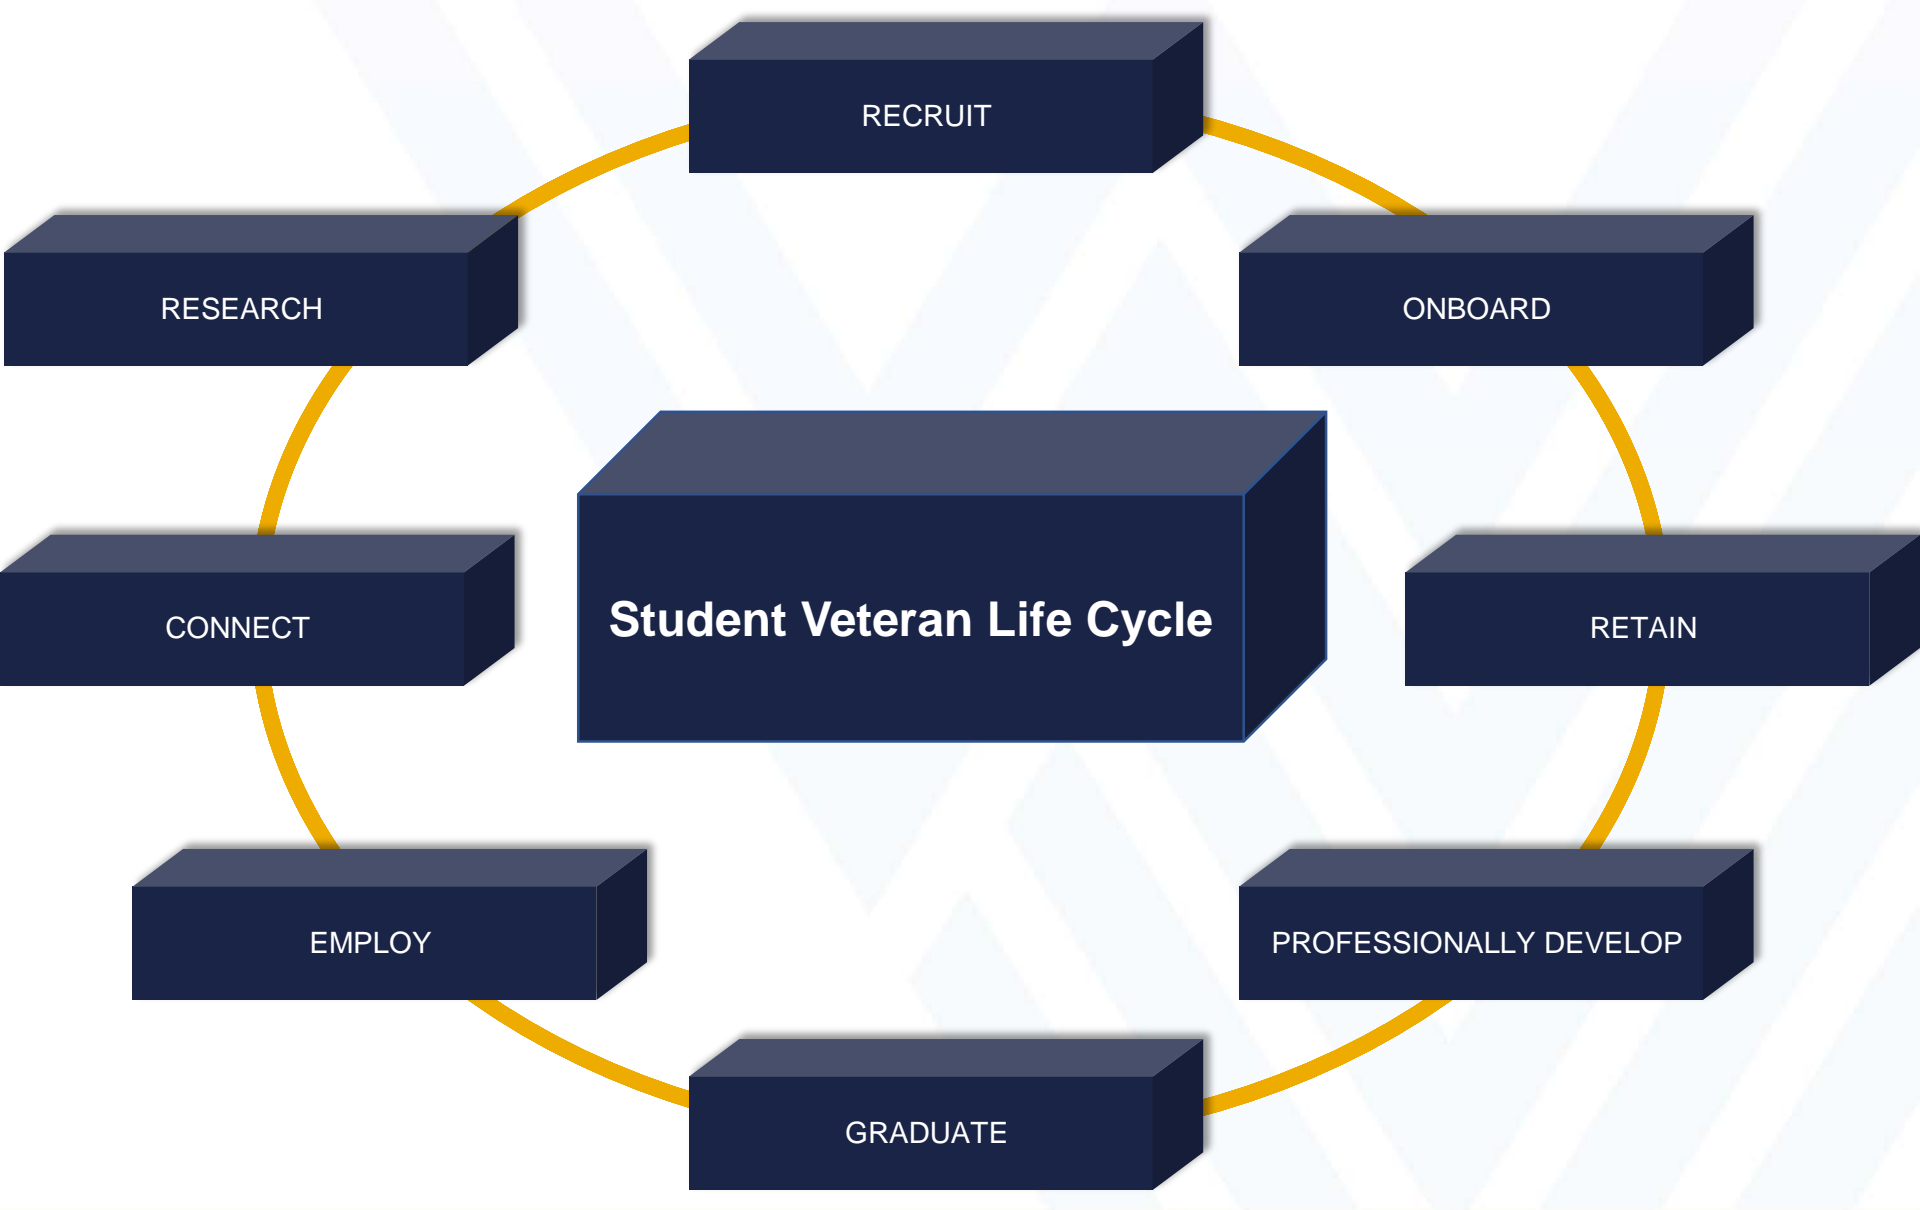

# Vision

To become a national leader of veteran support and success through initiatives that support the Student Veteran, Military, and Veteran Dependent Life Cycle by doing the following: ease the transition from military service or military life (dependents) to campus life; support veterans, military, veteran dependents, and their families through graduation and into rewarding careers; foster camaraderie and esprit-de-corps among past, present and future student veterans; heighten awareness and support of veterans issues throughout the campus, local community, and state; develop solutions to veteran challenges through collaborative partnerships and research.

# Mission

The WVU Veteran and Military Family Support Program provides a comprehensive collection of wrap-around services for veterans, military, veteran dependents, and their families focusing upon access, retention, graduation, and employment initiatives that strive to ensure their academic success and career aspirations.

# Student Veterans, Military, Veteran Dependents, and their Families
